BOOK REVIEWS

- ASCHER, CHARLES S. *The Megalopolis: The Urbanized Northeastern Seaboard of the United States* (Jean Gottmann) 363
- DUGGAR, GEORGE S. *Future Metropolis* (Lloyd Rodwin, ed.) 362
- SHAW, FREDERICK. *Freight and the Metropolis: The Impact of America's Transport Revolutions on the New York Regions* (Benjamin Chinitz) 77

SUBJECT MATTER

A

- Agrarian reform
see, Economic development; Indian village economy; India; Iraq; World Economic development
- Agriculture
see, Agrarian Reform; Economic development; India; Iraq; Natural resources development; World economic development

B

- Boston, Massachusetts (a theory of slums).187-197
- British coal industry
analysis of recent developments
historical survey351
plan for coal, 1950352
performance under 1950 plan355
revised plan, 1956358
revised plan, 1959359

C

- Capital budgeting
a procedure for programming municipal budgets277-280
- Chicago, Illinois (a theory of slums)187-197
- Coal mining
changing land patterns in Oklahoma
railroad abandonments52
strip mining55
underground mining53
western interior coal province52
see also, British coal industry; Progressive net profits tax
- Conservation of natural resources
see, British coal industry; Coal mining; Federal power projects; Fishery resources; Iraq; Land Grant Colleges Centennial; Livestock grazing; Natural resources; World economic development
- Cost behavior and pricing policy in Post Office305-314

D

- Denmark, national program for urban renewal295

E

- Economic development
analysis of regional approach
basic changes and reversal of patterns ..87-89
historical factors89
theoretical problems91-96
see also, Federal power projects; Fishery resources; Italy; Metropolitan growth; Slums in the United States; Urban sprawl; World economic development
- Electric utilities
relative performance of individual utilities
data and procedures316
need for standardization319
relative importance of factors317
standardized differences between actual and estimated costs319
see also, Electric utilities

F

- Federal power projects
analysis of economic feasibility
agreement of 1954 and tax-equivalent principle220
Beaver project220
deviations from original criteria225
economic life of projects228
Laurel River Dam and TVA221
original yardstick approach219
taxes foregone and economic theory222
- Federal Reserve Bank of San Francisco
findings of Survey of Consumer Finances (1955) on housing space demands33-41
see also, Metropolitan Growth; Urban Economic base analysis
- Fiscal productivity
see, Federal power projects; Progressive net profits tax; Slums in the United States; Urban renewal
- Fishery resources
evaluation as competitor for water resources
alternative methods148
commercial fisheries145
gross and net values145-148
invalid techniques149
sport fisheries147
see also, Federal power projects; Natural resources development
- Forestry
see, Livestock grazing

- France, national program for urban renewal294

French Polynesia

- urbanization process
ecology of Papeete74
geographic and economic setting71
population trend71
similarities to United States75
urban and rural population characteristics73

Function of ancient and modern city

- focal point in cultural development
capital city as seat of revolution244
central stronghold of nation243
immigration trends245
seat of religious authority244
trend toward urbanization continuance245

G

- Great Britain, national program for urban renewal297
see also, British coal industry
- Guayaquil, Ecuador (a theory of slums) ...187-197

H

Housing

- see*, Economic development; French polynesia; Housing in a growth economy; Housing space demands; Intraurban gravity models; Italy; Metropolitan growth; Urban economic base analysis; Urban renewal; Urban sprawl; Slums in the United States; Western Europe

Housing Act of 1949

- see*, Urban renewal

Housing in a growth economy

- analysis of basic demand factors14
expenditures, 1950-608
projections of expenditures to 197513
see also, Housing; Italy; Metropolitan growth; Slums in the United States; Urban economic base analysis; Urban renewal; Urban sprawl

Housing space demands

- findings of Survey of Consumer Finances, 1955
education factor39
life cycle factor35
occupations factor37
region factor39
see also, Italy; Metropolitan growth; Slums in the United States; Urban renewal; Urban sprawl

I

- India
 agricultural taxation56
 agrarian structure57
 inter-sectoral tax-expenditure incidence57
 relative tax burden57
 suggested changes in revenue rates60
see also, Indian village economy
- Indian village economy
 analysis of government and economic development
 power, wealth and ritual prestige hierarchies282-284
 reform legislation (1930-1945)287
 tenure according to British viewpoint285
 villages versus the state289
- Interstate Commerce Act249
- Intraurban gravity models
 a tool for analysis of spatial inter-relationships64-66
see also, Slums in the United States; Urban economic base analysis; Urban renewal
- Iraq
 land use for livestock production
 consequences of population growth261
 cultivated areas257
 increased demand262
 integration into farming system265
 natural grazing (range) land258
 impact on land use patterns263
- Italy
 post World-War-II housing policies
 background of Western European policies113
 changes in tenure116
 evaluation of government policies128
 government control125
 housing finance118-123
see also, Urban renewal; Western Europe

L

- Land Grant College Centennial
 concept of human progress
 Darwin and Spencer3
 materialistic concept2
 scientific-philosophic concept6
 Spengler and Toynbee4
 survival or extinction5
see also, World economic development

Land reform

- see*, Economic development; India; Indian village economy; Italy; Land reform in the United States; Natural resources development; Urban renewal; Urban sprawl; Western Europe; World economic development.

Land reform in the United States

- review of controlling factors in other countries
 family farm272
 institutional arrangements272
 population pressures271
see also, Land reform

Lima, Peru (a theory of slums)187-197

Livestock grazing

- conservation approach
 depletion-restoration approach43
 forest spraying and reseedling47
 private practices45
see also, Iraq

Location theory

- see*, Function of ancient and modern city; Intraurban gravity models; Slums in the United States; Urban renewal; Urban sprawl

M

Metropolitan development

- see*, Capital budgeting; Function of ancient and modern city; Metropolitan growth; Slums in the United States; Urban renewal

Metropolitan growth

- changing racial composition
 charts showing major changes170-184
 Detroit: a case study180
 individual growth patterns of twelve largest areas171-174
see also, Capital budgeting; Function of ancient and modern city; Slums in the United States

Metropolitanism

- commentary on some fiscal implications
 concept of externalities275
 problem of resource allocation276
 problem of resource allocation276

Mineral resources

- see*, British coal industry; Coal mining; Federal power projects; Natural resources; Progressive net profits tax

Morrill Act (1862) Land Grant Colleges Centennial1-6

- see also*, World economic development

N

Natural resources

- see*, British coal industry; Coal mining; Economic development; Federal power projects; Fishery resources; Land Grant Colleges Centennial; Livestock grazing; Natural resources development; World economic development

Natural resources development
 public versus private decision-making
 cost of substitutions203
 future generations and morality211
 individualism versus the general will208
 imperfections in the market212
 scarcity theory in question201
 social rate of interest210
see also, British coal industry; Natural resources

Netherlands, national program for urban renewal296

Nonwhite population growth in metropolitan areas169-185
see also Function of ancient and modern city; Slums in the United States

O

Ohio
 coal trucking and railroad rates231-239
see also, British coal industry; Coal mining

Oklahoma
see, Coal mining

P

Peasant economies
see, Agrarian reform; India; Iraq

Post Office (United States postal system)
 cost behavior and pricing policy
 characteristics of cost306
 essential elements of pricing policy305
 interclass cost and revenue differential311
 long-run behavior310
 principal components306
 social rate of postal cost307
 cost behavior307

Pricing policy and cost behavior in the Post Office305-314

Progressive net profits tax
 economic effect on decision-making by
 mining firm
 effect on monopolistic mining firm347
 rate of recovery under guaranteed market348
 level of recovery345

Property tax
see, Progressive net profits tax; Taxation

Public utilities: 1947-1959
 analysis of cyclical sensitivity
 correlation coefficients329
 rationale and method339
 statistical methodology328
see also, Utilities

Public utility economics
see, Electric utilities; Public utility scissors and economic policy

Public utility economic policy21-31
see also, British coal industry; Electric utilities; Federal power projects; Railroads; Telephone service costs

Public utility scissors and economic policy
 comparative performance with basic industry25
 cost squeeze on net returns22
 financial squeeze24
see also, Electric utilities

R

Railroad abandonments in Oklahoma coal area52
see also, Railroad rates

Railroad rates
 growth of coal trucking in Ohio
 cyclical inflexibility and trend rate increases132
 grouping of origins and destinations235
 North-South price discrimination233
 public regulation236
 truck and rail rate structures compared235

Railroads
 myth of competition
 conduct and performance250
 Interstate Commerce Act249
 prices and profits251
 progressiveness254
 structural oligopoly252

Recreational development
see, Federal power projects; Fishery resources; Water resources; World economic development

S

Slums in the United States
 explanation or justification?
 analysis of four neighborhoods by use of model191
 Boston, Massachusetts, findings192
 Chicago, Illinois, findings192
 complexity of slum formation188
 distinction between escalator and non-escalator classes189
 Guayaquil, Ecuador, findings191
 Lima, Peru, findings193

Sweden, national program for urban renewal300

T

Taxation
see, Capital budgeting; Federal power projects; India; Metropolitanism; Progressive net profits tax

- Telephone service costs
analysis of urban growth patterns273-275
- Tennessee Valley Authority
see, Federal power projects
- Transportation
see, Railroad abandonments in Oklahoma
coal area; Railroad rates; Urban re-
newal; Urban sprawl
- Trucking of coal and railroad rates (Ohio).231-239

U

- Underdeveloped economies
see, Agrarian reform; World economic de-
velopments
- Urban economic base analysis
a reply and rejoinder to "new method for
measuring value of imports into an ur-
ban community66-70
see also, Economic development; Function
of ancient and modern city; Italy; Met-
ropolitan growth; Slums in the United
States; Urban renewal; Urban sprawl
- Urban renewal
pure theory and fiscal productivity
efficiency criterion144
Housing Act of 1949135
land use criterion137
redevelopment139
see also, Capital budgeting; Housing; Met-
ropolitan growth; Slums in the United
States; Urban sprawl; Urbanization;
Western Europe
- Urban sprawl
speculation in suburban land
characteristics of the market for raw land..101
effect of speculative land prices106
forces leading toward development104
possibilities for controls108
role of agriculture100
value-making process for undeveloped land.102
see also, French Polynesia; Italy; Metro-
politan growth; Slums in the United
States; Urban renewal

Urbanization

see, Capital budgeting; Economic devel-
opment; French Polynesia; Function of
ancient and modern city; Housing;
Italy; Location theory; Metropolitan
growth; Urban sprawl; Slums in the
United States; Western Europe

Utilities

see, Electric utilities; Public utilities;
1947-59; Public utility economic policy;
Railroads; Telephone service costs;
Transportation

W

Water resources

see, Federal power projects; Natural re-
sources; Recreational resources; Tennes-
see Valley Authority

West Germany, national program for urban
renewal301

Western Europe

review of national programs for urban re-
newal
program in Denmark295
program in France294
program in Great Britain297
program in Italy302
program in Netherlands296
program in Sweden300
program in West Germany301
renewal with and without programs303

"Wisconsin Idea"

world economic development155-168

World economic development

an application of "The Wisconsin Idea"
